

CRISES ARISES IN RELATIONS WITH GERMANY

Kaiser Must Decide Whether International Relations Continue

(By Associated Press.) WASHINGTON, July 12.—The situation between Germany and the United States has taken such a serious and critical character that the policy of the United States will require lengthy and deliberate consideration that it may have such firmness as the circumstances require. Secretary Lansing is working on the draft of the reply. It is believed that the next American note will define the position of the United States even more clearly, so that Germany's subsequent attitude would definitely determine whether diplomatic relations are to be continued.

FULL TEXT OF THE NOTE SENT BY GERMANY

(By Associated Press.) BERLIN, July 9, 9:25 p. m., via London, July 10. (Delayed in transmission)—The text of the German note follows:

"The undersigned has the honor to make the following reply to His Excellency, Ambassador Gerard, to the note of the 10th ultimo re the impairment of American interests by the German submarine war. The Imperial Government learned with satisfaction from the note how earnestly the government of the United States is concerned in seeing the principles of humanity realized in the present war. Although this appeal finds ready echo in Germany and the Imperial Government is quite willing to permit its statements and decisions in the present case to be governed by the principles of humanity just as it has done always.

"The Imperial Government welcomed with gratitude when the American government in the note of May 15 itself recalled that Germany had always permitted itself to be governed by the principles of progress and humanity in dealing with the law of maritime war. Since the time when Frederick the Great negotiated with John Adams, Benjamin Franklin and Thomas Jefferson the treaty of friendship and commerce of September 9, 1785, between Prussia and the republic of the West, German and American statesmen have, in fact always, stood together in the struggle for the freedom of the seas and for the protection of peaceable trade. In the international proceedings which since have been conducted for the

RUMOR THAT UNITED STATES PLANS CARRANZA RECOGNITION

General Endeavors to open Communication with the American Border—General Obregon's Forces Take Aguas Calientes

(By Associated Press.) WASHINGTON, July 12.—Dispatches from Mexico City before the occupation by Carranza forces, described the food conditions as almost intolerable, but it was believed that the situation would be remedied soon with a change in authority. Indications are that Carranza can better his position by further acquisition of territory north of the capital and, reopening communication with the American border, his chances for obtaining the moral support of the United States will materially improve. The United States has been waiting for months for one of the factions to get the military supremacy and start a provisional government giving promise of stability. It may soon consider the recognition of Carranza.

(By Associated Press.) BROWNSVILLE, Tex., July 12.—General Caballero of Monterey has telegraphed that Aguas Calientes fell into the hands of Obregon's forces Sunday.

SUNDAY SERVICES BY PRESBYTERIANS

"BLUES" OF SUNDAY SCHOOL WILL ENTERTAIN "REDS" AT THE CHURCH

Fourth of July, hot weather, or something else, must have had a debilitating effect on part of our congregation. There were a good many vacant chairs in the morning and a few in the evening. The subject of the morning sermon, "The Secret of a Victorious Life," and the text, "It is not I that live but Christ that liveth in me," was certainly a good foundation for the sermon we heard. The pastor showed that the life that is dominated by the Christ spirit must to the end be victorious regardless of the storms and vicissitudes met on the journey.

The restoring of sight to the blind was the subject of the evening sermon. Some special music by some of the Sunday school children was a feature of the evening service. One child was baptised.

Wednesday evening of this week the "reds" of the Sunday school are to entertain the "blues" at the church.

JAPAN TO RAISE ARMY STRENGTH

TWO MORE DIVISIONS TO BE CREATED

PRINCE YAMAGATA GAINS VICTORY FOR THE ARMY INFLUENCES

(By Associated Press.) TOKIO, July 12.—Having received authority from the diet, the government is already making preparations for the creation of two additional divisions in the army. They will be located in Korea, one at Seoul or Pingyang and the other at Ranan. This strengthening of the army, which has been a thorny political question for several years, is a great victory for the army influences of which Marshal Prince Yamagata is the head. The announcement by Count Okuma, the premier, and General Oka, minister of war, that the increase was but the beginning of a plan to create a military force of twenty-five divisions, has concentrated attention here upon military expansion.

BOCK IS CHARGED SERIOUS OFFENSE

ALLEGED TO HAVE TAKEN POKER, THE PROPERTY OF HARRY GRIER

J. Bock was placed under arrest by Officers Peck and Grant last evening. He is being held at the county jail on the charge of grand larceny. It is alleged that he took a pocketbook containing \$150 in bills and some passes, while riding on a train between Goldfield and Rhyolite, the pocketbook having been left on a seat by H. E. Grier.

Bock was arrested two weeks ago in Goldfield on this charge, but was turned loose and now is rearrested. On request of the district attorney, Justice Dunsen put the hearing over until Wednesday morning.

A cordial invitation is extended to everybody to come and be entertained and help entertain others. Get acquainted with our Sunday school. We will agree to do you no harm.

Russians and Teutons in Deadlock South from Lubin—Italians Claim to be Gaining in Advance upon Triest

(By Associated Press.) LONDON, July 12.—Heavy fighting at several sections of the front in France has resulted in a change of ground at one important point, where the Germans won a victory. They succeeded in recapturing the cemetery at Souchez, the possession of which has long been contested. The Italians claim substantial advances in their efforts to invest Triest. The Teutonic and Russian forces are in an apparent deadlock south of Lubin. Petrograd has reported continued fighting from Joscov, on the Vistula river, to Byehawa. The Austrians were again aggressive, but were repulsed.

TWO HOLD-UP MEN MAKE A GOOD HAUL

Rob Sixteen People in Cobweb Bar and Make Their Getaway—Two Suspects Arrested but not Identified

Instead of the traditional salutation, "Hands up and face the wall," the occupants of the Cobweb saloon yesterday heard: "Get up there, get up there!" As they were looking into the muzzles of four guns with barrels so big that a fellow could crawl into them, they did not hesitate. If they had a second thought it was dissipated when the two bandits poked the aforesaid muzzles against their persons and repeated the admonition. They not merely got up, but with one impulse they turned to the wall and held up their hands. This happened at 3:40 in the morning. The hold-up men entered through the side door leading from St. Patrick street. Both wore caps and were masked, the masks evidently being made from the gingham lining of their caps. They wore dark clothes. The men were of medium weight and under medium height. The spokesman evidently disguised his voice, which makes identification difficult.

Considerable presence of mind was shown by some of the victims. The owner of a magnificent diamond ring turned it on his finger so that the sparkler did not show and held the hand under a picture on the wall. Another dropped his valuable timepiece and jeweled fob into a cuspidor. The visitors first turned their attention to a card game and gathered in about \$128. They then rifled the cash register, which contained about \$350, taking the money to the last dime and nickel. They made incursions into the pockets of the sixteen men in the room, taking watches and money. The largest individual loser parted with \$90. The robbers evidently overlooked the fact that the safe contained about \$2000. The outer door was open and the key to the cash drawer was in the pocket of Mickey Clifford, one of the proprietors. With an admonition to remain silent and not move for five minutes, the bandits ran out of the door at the corner of St. Patrick and Brougher avenue. The bartender hurried to the phone and called up the police station, while the crowd started in pursuit. The robbers ran to the rear of the I. O. O. F. building and then cut for Bryan avenue, which they crossed, going in a zig zag manner in a southerly direction. The trail was lost several blocks away. One of the caps, with the lining gone, was picked up. Two suspects were picked up by the police, but thus far their identification is far from being absolute.

MINER IS KILLED IN THE MIDWAY SHAFT

Victor Parrala, a miner employed at the Midway mine, was instantly killed this afternoon about 2 o'clock. The deceased was working on the twelfth level. He rang for the cross-belt to ride up to the top and the men that were with him cautioned him not to do so for he would get hurt. He laughed at them and said that it was all right. The cross-belt came down and when it was nearly at the level he stuck his head out and the massive wood structure hit him on the head and nearly cut it off. The body was removed to the morgue and on being examined, it was found that both legs were broken, several ribs, and other minor bones. His face and head were badly mangled and almost unrecognizable.
